

2014 In Review

It is a privilege and an honor to share with you statistical data recorded through the ministries of the Fresno Rescue Mission. In this review, we want you to gain a glimpse of how your generosity helped those we served in 2014. The markers, each a statistical snapshot of individual achievement, represents ministry elements that help the people we serve gain tools toward future success. Although only a small percentage of men and women may actually enroll in the challenging and rigorous 18-month programs we offer, and a smaller percentage then graduate from these programs, each step they take is an opportunity for life change. Only God knows when and where true-life transformation takes place in the heart of man. Our Mission: To love and serve; to plant the seeds of faith. It is God who blesses the increase.

Because of your faithful support, my staff can go the extra mile to ensure every ministry element offers the very best training we can provide, and to make sure every person touched experiences the love and hope of Christ Jesus. After all, we may be entertaining an angel, unaware.

 Rev. Larry J. Arce, CEO
 Fresno Rescue Mission, Inc.
